"THE VIRGINIA"

This hotel was erected by Mr. Leander J. McCormick, so well known from his long connection with the "McCormick" Reaper, and every detail of construction and furnishing has been carried out with the intention to produce an absolutely fire-proof building, and a finished hotel second to no other. How near this result has been reached, the following pages of illustrations will partially show.

The hotel is conducted on the "American" plan, its cuisine and service being unexcelled. It is located in the most fashionable residence section, and yet in such close proximity to

the business district that guests can reach the City Hall, Board of Trade, Theatres, etc., in a few moments' time.

To those seeking quiet and luxurious surroundings, "The Virginia" offers advantages possessed by no other hotel in the city.

Transient rates are $3.50 per day and upward. Special rates to families or to those making an extended stay.
